

MARPALING LAMDON MODEL SCHOOL STONGDAY –ZANSKAR

It gives me a immense pleasure to presenting the school activity report of the year 2021 of our institute in detail.

From Manager's Desk

Dear brother,

Clearance of snow: on 19th , 20th of Feb villagers of stongday and Kumic had come to school and clear the snow from school ground and each building of school.

School re-opening : On first of March school had opened for the children after such a long time. All the teachers were present on that day. School had opened with the proper guidelines of administration. Every day two teachers are doing sanitize and scanning of all the students and local teachers.

Joining of the doctor in school : On 20th of March school doctor had joined his office at school . We had provided both medicines to our school children in school. (English and Local)

Mid day meal : On same day school had started the mid day-meal for the student.

After almost two months smoothly running of the school unfortunately, on 27th of April office of the Headmaster received an information from management regarding close of the school till the further information due to spread of COVID – 19 in the region. Since 28th of April school had been remain closed till further information.

Making and shifting of water supply pipe line : on 10th of May with the help of staff we had shift and arranged the new water supply pipe line . It had taken three days to arranged the new water pipe line.

Renovation painting in all School building : We had done the painting work of each school building.

Preparation of traditional Handicraft classes for the children : We had set up the traditional Handicraft classes for the students and also had arranged the equipments for classes. It will be a extra curricular activities for the students from next academic year.

Making of mid day meal ground : This year we had made the mid day meal ground for our students.

Tree fencing for the mid day meal ground : We had planted some trees at the mid meal ground area and also it will be work as tree fencing at mid day meal ground.

Finishing of the construction works of last year: This year we had almost finished the last year's construction works of management office .

Reparation of the old toilets : This year we had started the reparation work of the old toilets and the work is still going on.

Eye camp 2021 : Eye camp plays a vital role in reaching untreated poor people in this region. Main objective of the camp is to create awareness among the people which leads an intervention to clear the backlog of avoidable blindness.

In eye camp the medical team consist of doctor from Kullu had arrived in school. After three days eye camp in school we had arranged those patients to take Kullu for operation who had critical eye condition . In Kullu also Lodging, Medicine, Transportation and boarding had provided by the school to all patients. School had also distributed the optical 70 to 80 piece to all patients at free of cost .

We have decided that , from this year onwards eye camp will be continue in future also with the collaboration of same charitable Doctor. Also in future we will try to organize a dental and other medical camp also.

Arrival of Lamdon Leh Principal and management : On 27th of July Lamdon Leh School Principal and Management consist of 30 members had reached at school. On 29th of July we had held a seminar with the Leh Lamdon Principal , management , parents of our school children and also parents from different villages.

HPM Meeting (Headmaster, Parents and Management : During previous years it was known as the PTA (Parents Teachers association). From this year School Manager had changed the name of PTA now it will be known as HPM.

We held a meeting on same day and Parents had chosen the members from each villages and also assigned some duties to them regarding school. We had also sort out some issues regarding school in that meeting.

Prayer session by Monks : On 30th of July Lama's from each Gonpa had arrived at school to join the prayer session for world peace It was a wonderful day .

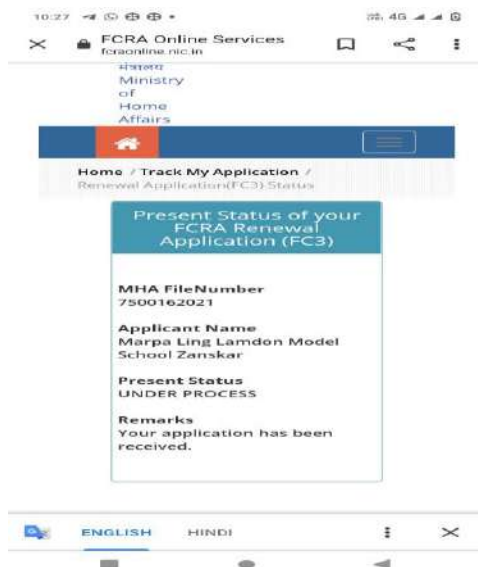

Arrival of Professor Madam Jigmath Yangchen From Agriculture university Ladakh : On 8th of August Professor from Agricultural university Ladakh , Madam Jigmath Yangchen had arrived at school to attend a training session for all mothers of this region regarding organic vegetable farming . Organic farming focuses on utilization natural materials in agriculture and prohibiting the uses of the chemical fertilizer and pesticides which ultimately ruins the fertility of land. So, it was the very important and useful training session for all mothers of this region.

Desk for the students : As per the Ladakh U.T government guidelines that , desk for class 1st to 8th are mandatory for each school of this region. So we have to arrange the desk to our students for next academic session.

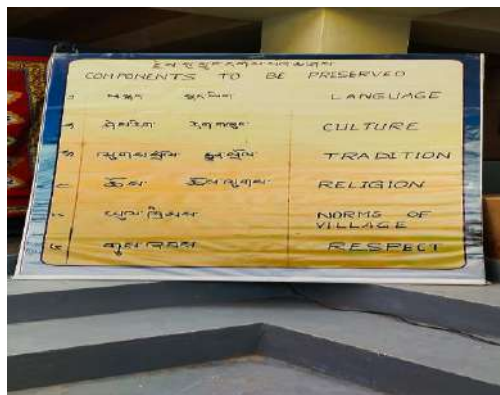

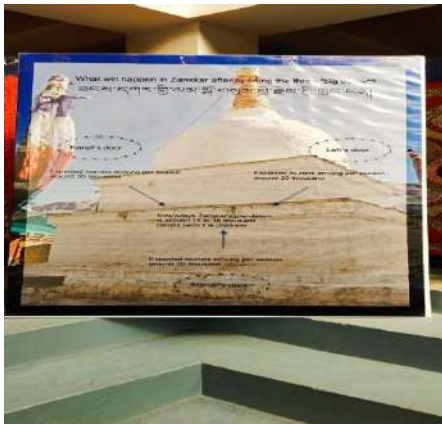

FCRA : Fcra work is on progress .We had already submitted all the documents regarding FCRA and hopefully we will get FCRA certificate as soon as possible.

Kids outdoor play equipments: As per the guidelines from Ladakh U.T government kids outdoor play equipments are mandatory for kinder garden kids therefore we had decided that , from next academic session we will set up a kids outdoor play equipments for our school kids.

Seminar regarding preservation of Zanskari cultural : Seminar had started last year and this year also we have continue the seminar and in future also we will continue this seminar regarding preservation of Zanskari cultural.

Except these activities many other small work and activities are still going on at school.

I wish all the best happiness and love that the school project will be educate many children for the way of life.

Many greetings to you and all **A.R.Z** members from the Marpaling family.

**Manager,
